Consistent with Federal cost principles, Cornell University estimates personnel time as a percentage of total effort, or level of effort basis. Cornell University does not track work hours for FSLA exempt staff, and is unable to provide billing or time records based on hours. For the purpose of this request only we have estimated hours by converting the level of effort using a 40 hour work week for exempt staff. One 100% FTE for one year is 2080 hours for exempt staff.
