Report Number: B21-6-12

Dear County Executive Day and Members of the Legislature:

Chapter 468 of the Laws of 2013 authorizes the County of Rockland (County) to issue debt not to exceed \$96 million to liquidate the accumulated deficit in the County's general fund as of December 31, 2012. New York State Local Finance Law Section 10.10 requires all municipalities that have been authorized to issue obligations to fund operating deficits to submit to the State Comptroller each year, starting with the fiscal year during which the municipality is authorized to issue the deficit obligations, and for each subsequent fiscal year during which the deficit obligations are outstanding, their proposed budget for the next succeeding fiscal year.

The proposed budget must be submitted no later than 30 days before the date scheduled for the County Legislature's (Legislature) vote on the adoption of the final budget or the last date on which the budget may be finally adopted, whichever is earlier. The State Comptroller must examine the proposed budget and make recommendations, as deemed appropriate. Recommendations, if any, are made after the examination of the County's revenue and expenditure estimates.

Our Office has recently completed a review of the County's budget for the 2022 fiscal year. The objective of the review was to provide an independent evaluation of the proposed budget. Our review addressed the following question related to the proposed County budget for the upcoming fiscal year:

- Are the significant revenue and expenditure projections in the County's proposed budget reasonable?

Based on the results of our review, we found that the significant revenue and expenditure projections in the 2022 proposed budget are reasonable.

To accomplish our objective in this review, we requested your proposed budget, salary schedules, debt payment schedules and other pertinent information. We identified and examined significant estimated revenues and expenditures for reasonableness with emphasis on significant and/or unrealistic increases or decreases. We analyzed, verified and/or corroborated trend data and estimates, where appropriate. We identified any significant new or unusually high revenue or expenditure estimates, made appropriate inquiries and reviewed supporting documentation to determine the nature of the items and to assess whether the estimates were realistic and reasonable. We also evaluated the amount of fund balance appropriated in the proposed budget to be used as a financing source and determined if the amount of fund balance was available and sufficient for that purpose.

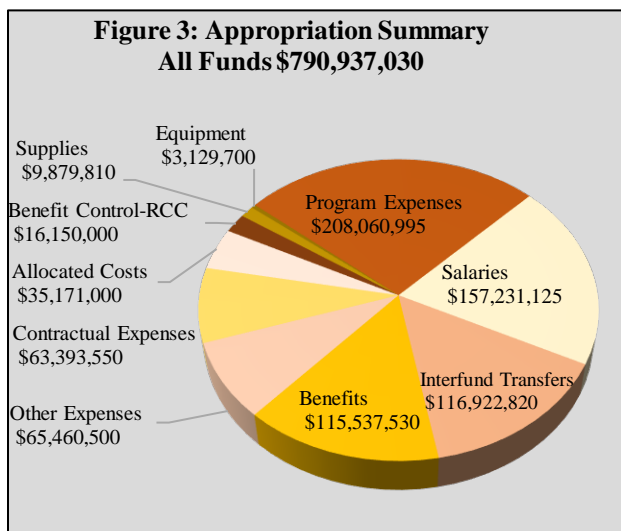

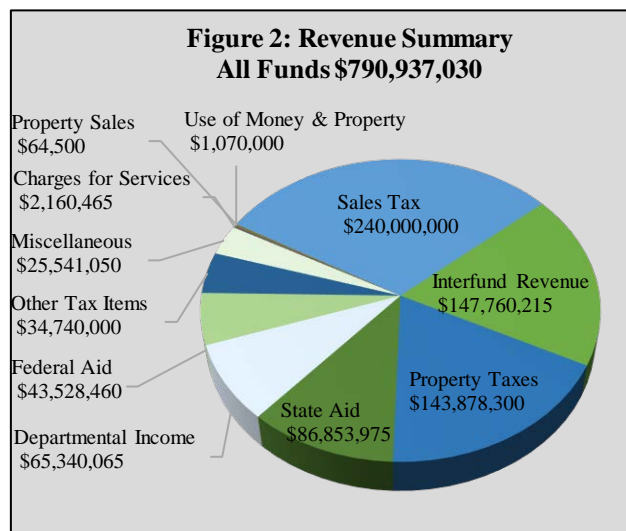

The scope of our review does not constitute an audit under generally accepted government auditing standards (GAGAS). We do not offer comments or make specific recommendations on public policy decisions, such as the type and level of services under consideration to be provided.

The proposed budget package submitted for review for the 2022 fiscal year (summarized in Figures 1, 2 and 3) consisted of the following:

- Budget Letter
- 2022 Proposed Budget
- Supplementary Information

Tax Cap Compliance

General Municipal Law Section 3-c establishes a tax levy limit on local governments. The law generally precludes local governments from adopting a budget with a tax levy that exceeds the prior year tax levy by more than 2 percent or the rate of inflation, whichever is less, unless the governing Board first adopts a local law to override the tax levy limit.

The County's proposed budget includes a tax levy of \$143,878,300. In adopting the 2022 budget, the Legislature should be mindful of the legal requirement to maintain the tax levy increase to no more than the tax levy limit as permitted by law, unless it properly overrides the tax levy limit.

We request that you provide us with a copy of the adopted budget.

We hope that this information is useful as you adopt the upcoming budget for the County. If you have any questions on the scope of our work, please feel free to contact Lisa Reynolds, Chief Examiner of the Newburgh Regional Office, at (845) 567-0858.

Sincerely,

Elliott Auerbach
Deputy Comptroller
