## Not Filed and Inconclusive Schools Fiscal Years Ending 2025

The Fiscal Stress Monitoring System (FSMS) and resulting fiscal stress designations rely on data from ST- 3 reports submitted by school districts.

This list includes schools with a 2025 fiscal year end. The schools noted did not file their annual financial report or reported data that was inconclusive (entity filed financial data, but still had significant unresolved issues as of the snapshot date) for FSMS purposes as of the date their score was to be calculated, and therefore a fiscal stress score could not be calculated. Unless otherwise noted, the municipalities listed were not filed at the time the fiscal stress scores were generated.
