Question #1:

For each of the following specialties: Fees (Not to Exceed)
• Psychiatry (additional examination) \$400.00.

If the original exam for a Psych IME is noted at \$1500.00 what constitutes an additional exam?

Response:

In most cases the psychiatrist completes the evaluation within one visit. On occasion, a psychiatrist may require the member to complete a number of questionnaires (e.g., MMPI, PHQ-9, GAD-7). The psychiatrist may request the member perform these at the first visit or at home, then have the member come back for a second visit to complete the evaluation. This second visit would constitute an additional exam.
