Independent Auditors' Report

The Trustee
New York State and Local Retirement System:

Opinions

We have audited the schedules of employer allocations of the New York State and Local Employees' Retirement System (ERS) and New York State and Local Police and Fire Retirement System (PFRS) as of and for the year ended March 31, 2026, and the related notes. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (benefit) (specified column totals) included in the accompanying schedules of pension amounts by employer of ERS and PFRS as of and for the year ended March 31, 2026, and the related notes.

In our opinion, the accompanying schedules referred to above present fairly, in all material respects, the employer allocations, and net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (benefit) for the total of all participating entities for ERS and PFRS as of and for the year ended March 31, 2026, in accordance with U.S. generally accepted accounting principles.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Schedules section of our report. We are required to be independent of ERS and PFRS and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Schedules

Our objectives are to obtain reasonable assurance about whether the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer.

KPMG LLP, a Delaware limited liability partnership, and its subsidiaries are part of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts in the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer and the related disclosures.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ERS' or PFRS' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

We have audited, in accordance with GAAS, the financial statements of the New York State and Local Retirement System, which include ERS and PFRS, as of and for the year ended March 31, 2026, and our report thereon, dated September 11, 2026, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of the New York State and Local Retirement System management, the Comptroller's Advisory Audit Committee of the New York State and Local Retirement System, and the New York State and Local Retirement System employers and their auditors, and is not intended to be and should not be used by anyone other than these specified parties.

See accompanying notes to schedules of employer allocations and schedules of pension amounts by employer.

(1) Description of Plans

The Office of the New York State Comptroller administers the following plans: the New York State and Local Employees' Retirement System (ERS) and the New York State and Local Police and Fire Retirement System (PFRS), which are collectively referred to as the New York State and Local Retirement System (the System). The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all assets and record changes in fiduciary net position allocated to the System.

The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four-year term. Thomas P. DiNapoli has served as Comptroller since February 7, 2007. In November 2022, he was elected for a new term commencing January 1, 2023.

The external advisory committees appointed by the Comptroller meet periodically throughout the year and provide independent, expert assistance in guiding the Fund. These committees include: the Advisory Council for the Retirement System; the Investment Advisory Committee; the Real Estate Advisory Committee; the Actuarial Advisory Committee; and the Audit Advisory Committee.

System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Generally, members of the System are employees, other than teachers, of the State and its municipalities, other than New York City.

ERS and PFRS are cost-sharing, multiple-employer defined benefit pension plans. The System is included in the State of New York's financial report as a pension trust fund. The Public Employees' Group Life Insurance Plan (GLIP) provides death benefits in the form of life insurance. In these statements, GLIP amounts are apportioned to and included in ERS and PFRS.

Separately issued financial statements for the System can be accessed on the Comptroller's website at www.osc.ny.gov/retirement/resources/financial-statements-and-supplementary-information.

(a) Membership Tiers

Pension legislation enacted in 1973, 1976, 1983, 2009 and 2012 established distinct classes of membership. For convenience, the System uses a tier concept to distinguish these groups, generally:

(i) ERS

Tier 1 Those persons who last became members before July 1, 1973.

Tier 2 Those persons who last became members on or after July 1, 1973, but before July 27, 1976.

Tier 3 Generally, those persons who are State correction officers who last became members on or after July 27, 1976, but before January 1, 2010, and all others who last became members on or after July 27, 1976, but before September 1, 1983.

Tier 4 Generally, except for correction officers, those persons who last became members on or after September 1, 1983, but before January 1, 2010.

Tier 5 Those persons who last became members on or after January 1, 2010, but before April 1, 2012.

Tier 6 Those persons who first became members on or after April 1, 2012.

(ii) PFRS

Tier 1 Those persons who last became members before July 31, 1973.

Tier 2 Those persons who last became members on or after July 31, 1973, but before July 1, 2009.

Tier 3 Those persons who last became members on or after July 1, 2009, but before January 9, 2010.

Tier 4 Not applicable.

Tier 5 Those persons who last became members on or after January 9, 2010, but before April 1, 2012, or who were previously PFRS Tier 3 members who elected to become Tier 5.

Tier 6 Those persons who first became members on or after April 1, 2012.

(b) Vesting

All Members are vested when they reach five years of service credit.

(c) Employer Contributions

Participating employers are required under the RSSL to contribute to the System at an actuarially determined rate adopted annually by the Comptroller. The average contribution rate for ERS for the fiscal year ended March 31, 2026 was approximately 15.8 percent of covered payroll. The average contribution rate for PFRS for the fiscal year ended March 31, 2026 was approximately 32.1 percent of covered payroll. Delinquent annual bills for employer contributions accrue interest at the actuarial interest rate applicable during the year. For the fiscal year ended March 31, 2026, the applicable interest rate was 5.9 percent.

(d) Member Contributions

Generally, Tier 3, 4, and 5 members must contribute 3 percent of their salary to the System. As a result of Article 19 of the RSSL, eligible Tier 3 and 4 employees, with a membership date on or after July 27, 1976, who have ten or more years of membership or credited service with the System, are not required to contribute. Members cannot be required to begin making contributions or to make increased

contributions beyond what was required when membership began. For Tier 6 members, the contribution rate varies from 3 percent to 6 percent depending on salary. Subsequent to the fiscal year ended March 31, 2026, the approved fiscal year 2027 New York State Budget includes new laws which reduce contribution rates for Tier 6 members. Effective October 1, 2026, the new contribution rate varies from 3 percent to 5.75 percent depending on salary. Generally, Tier 5 and 6 members are required to contribute for all years of service.

(e) Benefits

(i) Tiers 1 and 2

Eligibility: Tier 1 members, with the exception of those retiring under special retirement plans, must be at least age 55 to be eligible to collect a retirement benefit. There is no minimum service requirement for Tier 1 members. Tier 2 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The age at which full benefits may be collected for Tier 1 is 55, and the full benefit age for Tier 2 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If the member retires with 20 or more years of service, the benefit is 2 percent of final average salary for each year of service. Tier 2 members with five or more years of service can retire as early as age 55 with reduced benefits. Tier 2 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. As a result of Article 19 of the RSSL, Tier 1 and Tier 2 members who worked continuously from April 1, 1999 through October 1, 2000 received an additional month of service credit for each year of credited service they have at retirement, up to a maximum of 24 additional months.

Final average salary is the average of the wages earned in the three highest consecutive years of employment. For Tier 1 members who joined on or after June 17, 1971, each year used in the final average salary calculation is limited to no more than 20 percent greater than the previous year. For Tier 2 members, each year of final average salary is limited to no more than 20 percent greater than the average of the previous two years.

(ii) Tiers 3, 4, and 5

Eligibility: Tier 3, 4, and 5 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tiers 3, 4 and 5 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with between 20 and 30 years of service, the benefit is 2 percent of final average salary for each year of service. If a member retires with more than 30 years of service, an additional benefit of 1.5 percent of final average salary is applied for each year of service over 30 years. Tier 3 and 4 members with five or more years of service and Tier 5 members with ten or more years of service can retire as early as age 55 with reduced benefits. Tier 3 and 4 members age 55 or older with 30 or more years of service can retire with no reduction in benefits.

Final average salary is the average of the wages earned in the three highest consecutive years of employment. For Tier 3, 4 and 5 members, each year used in the final average salary calculation is limited to no more than 10 percent greater than the average of the previous two years.

(iii) Tier 6

Eligibility: Tier 6 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tier 6 is 63 for ERS members and 62 for PFRS members.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with 20 years of service, the benefit is 1.75 percent of final average salary for each year of service. If a member retires with more than 20 years of service, an additional benefit of 2 percent of final average salary is applied for each year of service over 20 years. Tier 6 members with five or more years of service can retire as early as age 55 with reduced benefits.

Final average salary is the average of the wages earned in the three highest consecutive years. For Tier 6 members, each year's compensation used in the final salary calculation is limited to no more than 10 percent greater than the average of the previous two years.

(iv) Special Plans

The 25-Year Plans allow a retirement after 25 years of service with a benefit of one-half of final average salary, and the 20-Year Plans allow a retirement after 20 years of service with a benefit of one-half of final average salary. These plans are available to certain PFRS members, sheriffs, and correction officers.

(v) Disability Retirement Benefits

Disability retirement benefits are available to ERS and PFRS members unable to perform their job duties because of permanent physical or mental incapacity. There are three general types of disability benefits: ordinary, performance of duty, and accidental disability benefits. Eligibility, benefit amounts, and other rules such as any offsets or other benefits depend on a members' tier, years of service, and plan.

(vi) Ordinary Death Benefits

Death benefits are payable upon the death, before retirement, of a member who meets eligibility requirements as set forth by law. The first $50,000 of an ordinary death benefit is paid in the form of group term life insurance. The benefit is generally three times the member's annual salary. For most members, there is also a reduced post-retirement ordinary death benefit available.

The approved fiscal year 2027 New York State Budget includes new laws which improve death benefits in special retirement plans for correction officers and security hospital treatment assistants. For members who die while in active service and were eligible to retire at the time death, beneficiary(ies) will receive an in-service death benefit equal to the value of the pension reserve at the date of death.

(vii) Post-Retirement Benefit Increases

A cost-of-living adjustment is provided annually to: (i) all pensioners who have attained age 62 and have been retired for five years; (ii) all pensioners who have attained age 55 and have been retired for ten years; (iii) all disability pensioners, regardless of age, who have been retired for five years; (iv) ERS recipients of an accidental death benefit, regardless of age, who have been receiving such benefit for five years; and (v) the spouse of a deceased retiree receiving a lifetime benefit under an option elected by the retiree at retirement. An eligible spouse is entitled to one-half the cost-of-living adjustment amount that would have been paid to the retiree when the retiree would have met the eligibility criteria. This cost-of-living adjustment is a percentage of the annual retirement benefit of the eligible member as computed on a base benefit amount not to exceed $18,000 of the annual retirement benefit. The cost-of-living percentage shall be 50 percent of the annual Consumer Price Index as published by the U.S. Bureau of Labor but cannot be less than 1 percent or exceed 3 percent.

(2) Basis of Presentation

The Schedules of Employer Allocations and the Schedules of Pension Amounts by Employer for ERS and PFRS (collectively, the Schedules) present amounts that are considered elements of the financial statements of the System or of its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of the System or of its participating employers. The amounts presented in the Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of the System to make a number of estimates and assumptions related to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

(3) Allocation Percentage Methodology

The basis for each employer's proportion is consistent with the manner in which contributions to the pension plan are determined. The System computed each employer's projected long-term contribution effort to ERS and PFRS as compared to the total projected long-term contribution effort of all employers to ERS and PFRS; this is the allocation methodology that is encouraged by the Governmental Accounting Standards Board (GASB). The employer allocation percentages have been rounded for presentation purposes. Therefore, use of these percentages to recalculate individual employer amounts presented in the Schedules of Employer Pension Amounts may result in immaterial differences due to this rounding.

The determination of each employer's projected long-term contribution effort is accomplished by computing the actuarially determined indexed present value of future compensation using census data as of April 1, 2025. The indexed present value of future compensation for each employer is calculated by multiplying the present value of future projected compensation for current employees (that is, on a closed basis) by the applicable cost index for each participant. The present value of future compensation for a participant incorporates 1) current employee demographics, including age, years of service, and salary, 2) projected salary increases, and 3) decrements (probabilities of retirement, death, and withdrawal). The rate used to discount the projected future compensation is 5.9 percent. The census data used and the assumptions used are the same as those used in determining the System's total pension liability and the employer contribution rates.

The cost indexes are designed to reflect the relative cost of benefits for groups of employees with a common benefit in relation to other groups within each plan. These cost indexes are also used in the determination of annual required contributions. The cost indexes are based on a new entrant valuation where the most recent set of new members to 1) an ERS regular plan (retirement eligibility based on age and service), 2) an ERS special plan (retirement eligibility based on service alone), and 3) PFRS plans, are duplicated for each distinct benefit in their set. The entire cohort is run through the actuarial valuation, where the net present value of benefits (PV total benefits minus PV total employee contributions) and the present value of billable compensation is computed. The ratio of the net present value of benefits to the present value of billable compensation make up the valuation date (April 1) new entrant rate (often referred to as the long-term rate).

These new entrant rates are the employer contribution rates that would be paid over the employee's career assuming all valuation assumptions are realized without gains or losses. The ratio of new entrant rates between plans establishes the relative plan lucrativeness, or index.

(4) Collective Net Pension Liability

The components of the collective net pension liability of employers participating in the System as of March 31, 2026, were as follows:

	Employees' Retirement System	Police and Fire Retirement System	Total
	(Dollars in thousands)		
Employers' total pension liability	$ 253,773,040	50,405,659	304,178,699
Fiduciary net position	248,131,290	46,288,670	294,419,960
Employers' net pension liability	$ 5,641,750	4,116,989	9,758,739
Ratio of fiduciary net position to the employers' total pension liability	97.78%	91.83%	96.79%

(a) Actuarial Assumptions

The total pension liability at March 31, 2026 was determined using a roll forward procedure to advance the liability calculated using system assumptions and member demographics from the actuarial valuation completed as of April 1, 2025.

(Continued)

Economic assumptions used in the April 1, 2025 actuarial valuation include:

	ERS	PFRS
Inflation	2.9%	2.9%
Salary increases	5.2%	6.1%
Investment rate of return (net of investment expense, including inflation)	5.9%	5.9%
Cost-of-living adjustments	1.5%	1.5%

Demographic assumptions used in the April 1, 2025 actuarial valuation are based on the results of an actuarial experience study completed March 31, 2025. Demographic assumptions are primarily based on System experience over the period April 1, 2020 – March 31, 2025. Annuitant mortality rates are adjusted to incorporate mortality improvements under the Society of Actuaries' Scale MP-2021.

To set the long-term expected rate of return on pension plan investments, consideration was given to a building-block method using best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-term expected real rate of return
Domestic equity	25.0%	3.29%
International equity	14.0	5.85%
Private equity	15.0	7.00%
Real estate	12.0	5.20%
Opportunistic/ARS portfolio	3.0	5.13%
Credit	4.0	5.10%
Real assets	4.0	5.54%
Fixed income	22.0	1.75%
Cash	1.0	0.25%
	100.0 %	

The real rate of return is net of the long-term inflation assumption of 2.5 percent.

(b) Discount Rate

The discount rate used to measure the total pension liability was 5.9 percent. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(c) Sensitivity of the Net Pension Liability to the Discount Rate Assumption

The following presents the current period net pension liability of the employers calculated using the current-period discount rate assumption of 5.9 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (4.9 percent) or one percentage point higher (6.9 percent) than the current rate (dollars in thousands):

	1% Decrease (4.9%)	Current assumption (5.9%)	1% Increase (6.9%)
ERS net pension liability (asset)	$ 38,531,580	$ 5,641,750	$ (21,855,612)
PFRS net pension liability (asset)	$ 11,036,484	$ 4,116,989	$ (1,593,922)

(5) Collective Deferred Outflows of Resources and Deferred Inflows of Resources

The following presents a summary of changes in the collective deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) for the year ended March 31, 2026 (dollars in thousands):

	Year of deferral	Amortization period	Beginning of year balance	Additions	Deductions	End of year balance
ERS:						
Deferred outflows of resources:						
Differences between expected and actual experience						
	2023	5 years	$ 1,007,434	—	(503,717)	503,717
	2024	5 years	2,378,602	—	(792,867)	1,585,735
	2025	5 years	869,648	—	(217,412)	652,236
	2026	5 years	—	608,564	(121,713)	486,851
Subtotal			4,255,684	608,564	(1,635,709)	3,228,539
Changes of assumptions						
	2023	5 years	719,057	—	(359,529)	359,528
	2026	5 years	—	761,137	(152,229)	608,908
Subtotal			719,057	761,137	(511,758)	968,436
Total deferred outflows of resources			$ 4,974,741	1,369,701	(2,147,467)	4,196,975
Deferred inflows of resources:						
Differences between expected and actual experience	2022	5 years	$ 200,744	—	(200,744)	—
Net difference between projected and and actual investment earnings on pension plan investments	2022	5 years	1,255,375	—	(1,255,375)	—
	2023	5 years	(9,931,650)	—	4,965,825	(4,965,825)
	2024	5 years	7,133,149	—	(2,377,716)	4,755,433
	2025	5 years	197,921	—	(49,480)	148,441
	2026	5 years	—	12,722,393	(2,544,479)	10,177,914
Subtotal			(1,345,205)	12,722,393	(1,261,225)	10,115,963
Total deferred inflows of resouces			$ (1,144,461)	12,722,393	(1,461,969)	10,115,963

(Continued)

	Year of deferral	Amortization period	Beginning of year balance	Additions	Deductions	End of year balance
PFRS:						
Deferred outflows of resources:						
Differences between expected and actual experience	2021	6 years	$ 30,081	—	(30,081)	—
	2022	6 years	28,842	—	(14,422)	14,420
	2023	6 years	208,514	—	(69,505)	139,009
	2024	6 years	853,639	—	(213,410)	640,229
	2025	6 years	903,042	—	(180,610)	722,432
	2026	6 years	—	140,003	(23,334)	116,669
Subtotal			2,024,118	140,003	(531,362)	1,632,759
Changes of assumptions						
	2021	6 years	821,704	—	(821,704)	—
	2023	6 years	90,806	—	(30,270)	60,536
	2026	6 years	—	350,100	(58,350)	291,750
Subtotal			912,510	350,100	(910,324)	352,286
Total deferred outflows of resources			$ 2,936,628	490,103	(1,441,686)	1,985,045
Deferred inflows of resources:						
Net difference between projected and actual investment earnings on pension plan investments	2022	5 years	223,222	—	(223,222)	—
	2023	5 years	(1,786,008)	—	893,004	(893,004)
	2024	5 years	1,294,522	—	(431,507)	863,015
	2025	5 years	34,690	—	(8,672)	26,018
	2026	5 years	—	2,353,960	(470,792)	1,883,168
Subtotal			(233,574)	2,353,960	(241,189)	1,879,197
Total deferred inflows of resources			$ (233,574)	2,353,960	(241,189)	1,879,197

(Continued)

The cumulative net amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (dollars in thousands):

ERS		
Year ending March 31:		
2027	$	2,141,614
2028		(3,687,456)
2029		(2,102,608)
2030		(2,270,538)
Total	$	(5,918,988)

PFRS		
Year ending March 31:		
2027	$	571,929
2028		(335,498)
2029		(3,765)
2030		(208,501)
2031		81,683
Total	$	105,848

Deferred outflows of resources and deferred inflows of resources resulting from changes in an individual employer's proportion and differences between an individual employer's contributions and proportionate share of total contributions, are amortized over a five year closed period for ERS and a six year closed period for PFRS, reflecting the average remaining service life of ERS and PFRS members (active and inactive members), respectively. Because these deferred amounts and their amortization are specific to individual employers and offset on a collective basis, they are not included in the tables above.

(Continued)

(6) Collective Pension Expense

The components of collective pension expense for the year ended March 31, 2026 are as follows (in thousands):

	ERS	PFRS
Service cost	$ 5,350,087	1,223,465
Interest on the total pension liability	14,180,188	2,792,427
Member contributions	(926,764)	(147,424)
Projected earnings of plan investments	(13,246,265)	(2,452,532)
Administrative expense	230,615	29,670
Other	(221,862)	(8,864)
Recognition of deferred outflows and inflows of resources:		
Difference between expected and actual experience	1,434,965	531,362
Change in assumptions	511,758	910,324
Difference between projected and actual investment earnings on plan investments	(1,261,225)	(241,189)
Total	$ 6,051,497	2,637,239
