

OSC: Please note that we did not have a contract start nor end date available for this, and the anticipated number of hours lies within the financial proposal submission. This is not a standard "subcontractor" where this company, along with most submissions, hold their own MSA with ModernCampus. This will suffice throughout the entire 24 months allotted term of this project. After, by which, we will need to procure services for our CMS (OmniCMS) directly with ModernCampus.
