PAYROLL BULLETIN

Subject Payroll Inquiry System	Bulletin No. P-907
	Date July 2, 1996

Effective July 16, 1996 there will be a new screen format when agencies access the Payroll Inquiry System through security and a new transaction to end access to the system.

The new screen will show Userid, Groupid, Password, Language and New Password. The **LOGON** procedure is still the same and requires the Userid, Password and if applicable, the New Password.

To **LOGOFF** of the system the new transaction **CESF** has replaced **CSSF**. If **CSSF** is entered the message "**THE CSSF TRANSACTION IS NO LONGER SUPPORTED-PLEASE USE CESF**" will be displayed on the bottom of the screen.
