<b>Subject</b> Additional Miscellaneous Blocks 53(E) and 54(F) for Reporting Transactions on the PR-75	<b>Bulletin No.</b> P-375
	<b>Date</b> November 28, 1983

Effective in January, 1984 the two additional miscellaneous blocks-53 (E) and 54 (F)-on the PR-75 will be available for use in reporting the transactions requiring entry of payroll information in the miscellaneous blocks. Effective at that time, a total of six miscellaneous blocks, 49(A) through 54(F), may be used.

The rules for use of the Miscellaneous Blocks remain the same. Any combination of additional transaction codes and miscellaneous blocks may be used as long as the required information is entered in the miscellaneous blocks in the same sequence as the transaction codes are entered on the PR-75. The transaction code SPECIAL will be used when more than six Miscellaneous Blocks are required for the transactions being reported. Sample PR-75's are attached.

This change is effective for the following Payroll Periods:

		<u>Submission Date</u>
Institution	20-Lag and 21-Normal	January 6
Administration	20-Lag and 21-Normal	January 13
