| Subject<br><br>PEF Dues Adjustment | Bulletin No.<br><br>P-786   |
|                                    | Date<br><br>October 8, 1993 |

In the Payroll checks dated October 28, 1993 for Institution and November 3, 1993 for Administration, some employees in the Professional, Scientific and Technical Services Negotiating Unit (NU-05) will have an adjustment to their dues or agency shop fee amount.

The PEF dues structure provides for .8% of an individual's gross wages up to \$80,000 or a dues/fees cap of \$640.00 per year. In the payroll system, OSC applies a biweekly cap of \$24.62 for annual-salaried employees or \$29.09 for 10M employees.

PEF has re-calculated the dues and agency shop fees for the retroactive payments for the 1992 and 1993 performance advances and 1993 salary increase and has provided the Office of the State Comptroller with an adjustment amount to be added to the employee's normal dues or agency shop fees amount in the payroll checks indicated above.

The adjustment affects only those employees who, because of the large two-year retroactive adjustment, had dues/fees capped at the biweekly maximum even though their gross wages or annual dues/fees amount would not have exceeded the annual maximum.

Payroll Offices will receive a notice from PEF to be distributed to PEF employees with the payroll checks for the dates indicated above.

Any questions regarding this adjustment should be directed to PEF at 1-800-553-2445.
